## Medina Meadows

AN EMBASSY HEALTHCARE COMMUNITY

*Diverse care solutions, tailored just for you.*

*Medina Meadows* is small enough to offer personalized attention to each resident and employee, yet large enough to implement the latest care resources, programs and safety protocols.

**Our goal is to provide you or your loved one with quality comprehensive care to ensure the best clinical outcomes. From the moment you walk through our front door, you'll see our team has prepared for every aspect of your stay.** We genuinely care about our residents and each other, and are willing to go above and beyond to provide exceptional care every single day.

Our facility care programs include:

- Round-the-clock nursing care
- Alzheimer's and dementia care
- Daily activities for all residents
- Balance coordination, strength training, and fine gross motor control therapy
- Transportation to and from appointments

Our caring staff meets with each resident and learns their preferences in food, activities, schedule and much more, which we then use to build a custom care plan. These individual care initiatives result in a family atmosphere and personalized service for each of our residents.

We partner with our local communities, hospitals and healthcare professionals to collaborate on innovative care programs for our residents.

Our specialized services include:

- Wound care
- Bariatric care
- Diabetic services and training
- Psychiatric/psychological care
- Nutrition counseling
- Outpatient therapy
- Respite stays
- Dietician services
- Contracted hospice care
- Wound Management
- Stroke Post-Acute
- Recovery Care

We also are proud to maintain an experienced, professional staff due to our unique culture of care and respect. Employees are proud to say that they are part of our healthcare family, and know that there is a strong support structure in the organization that allows them to confidently do their jobs.
